Re: Scooter Drew to Nettles Easement

Dear Tom:

I have received your letter dated February 18, 2010 withdrawing the offer to grant an easement. We had anticipated that a resolution at this time would not be possible and we will have the Summons and Compliant filed within the next few days. Will you accept service or do you want me to serve them personally?

The only remaining question during the litigation is will you client allow access or would you prefer we apply to the Court for an injunction.

With kind regards, I remain

Yours truly,
